The children all thoroughly enjoyed their visit from Zoo Lab on Friday 25th April. The children sat beautifully and listened to everything Georgie had to say about the animals. We met Rosy the tarantula, Casper the snake, Snow White and Tinker Bell the rats, Dave the giant African snail, Hermione the hermit crab and Cedric the stick insect. The children were very brave and all had a go either stroking or holding the animals. We learnt what all the different animals need to stay alive and other interesting facts such as a stick insect's bones are on the outside of their body and that snails wee from their eyes!!

We are hoping to have a **pet's week** the week commencing **19th May**. Please see a member of staff to book a day to bring in and show your pet to the children.

CALNE CARNIVAL 28TH JUNE

The Preschool have the opportunity to take part in the Calne Carnival this year and have been offered the use of a 'Float' to dress in a theme for the event. The staff and children have chosen **"UNDER THE SEA"** as their theme and will need plenty of volunteers to help ensure the project comes to fruition. !

Parents will need to accompany their own children on the themed float, so please let the staff know if you can/cannot participate in the event to ensure smooth planning.!

We would really appreciate some help making the props and providing materials and costumes relating to under the sea.
